

Teachers and Schools

One Day Arts School

One Day Arts School (ODAS) is an award-winning, custom-designed field trip to EPCOR CENTRE, Calgary's premier arts centre. We engage students, parents and teachers in hands-on, arts-based workshops that align with K-12 curriculums including: drama, dance, music and visual art.

Please visit epcorcentre.org for ODAS program examples, fees and registration form.

Artists in the Classroom

Artists in the Classroom brings artists to schools to collaborate with students and teachers in engaging arts-based learning including: visual art, drama, dance, music and multi-media. Students, teachers and professional artists use artistic creativity to better understand curriculum or inquiry-based topics that can be implemented with a single class or entire school community. Artists can visit for one day, one week or more, depending on your program budget and vision.

Please visit epcorcentre.org for project examples, fees and registration form.

ArtsMOVE (NEW)

This new 5-day program combines the Artists in the Classroom and One Day Arts School programs. A professional artist(s) spends four days in the classroom collaborating with students and teachers on an engaging, arts-infused project. On the 5th day, the project concludes at EPCOR CENTRE with an opportunity to present and celebrate the week's outcomes. This could include installing a visual art exhibit, presenting a drama or dance performance, meeting professional artists or receiving a backstage pass to one of our resident theatre companies.

Please visit epcorcentre.org for fees and registration form.

Professional Development for Teachers

Let us come to you or team up with colleagues and visit Calgary's premier performing arts centre. EPCOR CENTRE's highly regarded PD programs offer playful, informative, team building and skill-building workshops that enhance teachers' professional skills to meet curriculum outcomes for grades K-12.

School In-Service PD

Taught after school or on PD days by professional artists that specialize in arts integration, EPCOR CENTRE's PD workshops are for the novice or experienced teacher focusing on multi-disciplinary arts including: visual art, drama, dance, music and multi-media.

Key features of School In-Service PD workshops include:

- Custom-designed PD workshops to meet your goals and objectives.
- Hands-on skill-building
- Learning in and about a specific arts discipline

PD Arts Day at EPCOR CENTRE (NEW)

Team up with your colleagues and get out of the classroom. Plan your school's PD Day at EPCOR CENTRE, a stimulating arts environment for teachers to create, reflect, explore and deepen their creativity and understanding of the arts facilitated by professional artists and arts educators.

Your PD Day at EPCOR CENTRE could include:

- Coffee, tea and/or lunch service
- Arts workshops (drama, dance, music and more)
- Keynote speaker

Visit epcorcentre.org for PD workshop examples and program fees.

EPCOR CENTRE's Teachers' Appreciation Days (FREE)

February 17-18, 2011

EPCOR CENTRE's 3rd annual Teachers' Appreciation Days celebrates educators. We invite you to join us at any time during our two-day event planned in collaboration with the CCTA, including multi-disciplinary workshops, panel discussions, artist showcases and much more.

Complete details about Teachers' Appreciation Days will be available soon, so check epcorcentre.org often.
